

Good. Let me go through each thumbnail and identify what each item is.

1. Refined Casual

Thumbnail: white rayon button-down + dark straight jeans + simple leather belt + soft tailored linen blazer worn open + low leather ankle boots + structured leather tote bag

Item	Role	Why
Soft tailored linen blazer worn open	Hero	The soft blazer is the defining piece of Refined Casual. This world is built around the considered outer layer.
White rayon button-down	Bridge	Works in Cool Casual, Refined Casual, Formal Polished, Easy Sets, Urban Ease. Universal refined-tier basic.
Dark straight jeans	Bridge	Works in Cool Casual, Refined Casual, Urban Ease. Workhorse denim.
Low leather ankle boots	Bridge	Works in Cool Casual, Refined Casual, Urban Ease, Effortless. Daily casual footwear.
Structured leather tote	Bridge	Works in Refined Casual, Formal Polished, sometimes Effortless. The "considered handbag."
Simple leather belt	Basic	Universal. Doesn't really discriminate any world.

The blazer is the hero because it's what makes the outfit Refined Casual specifically. Replace the blazer with a denim jacket → the outfit becomes Cool Casual. The blazer is the world-defining piece.

2. Cool Tel Avivian

Thumbnail: boxy cropped short-sleeve baby blue button-down + blue track pants (Adidas Firebird-style) + clean white sneakers (or chunky platform sandals) + canvas crossbody bag

Item	Role	Why
------	------	-----

Blue track pants (Adidas Firebird-style)	Hero	The track pants are the anti-fashion statement. Athletic pieces worn intentionally as fashion = defining Cool Tel Avivian.
Boxy cropped baby blue button-down	Hero	The drop-waist/cropped/anti-feminine cut + unusual color = Cool Tel Avivian specifically. Distinct from Refined Casual button-down.
Chunky platform sandals (tan)	Bridge	Works in Cool Tel Avivian, Urban Ease, sometimes Cool Casual. The chunky considered-platform is contemporary.
Clean white sneakers	Bridge	Universal across most casual worlds.
Canvas crossbody bag	Bridge	Works in Cool Tel Avivian, Sporty Casual, Effortless. Anti-leather, considered casual.

Two heroes here because both pieces are specifically Cool Tel Avivian. The track pants AND the boxy unusual button-down together signal the world. Either piece alone might just be casual/sporty; together they signal the specific anti-fashion-anti-feminine mindset.

3. Urban Ease

Thumbnail: oversized graphic tee + high-rise wide-leg tailored trousers (dark or mid-blue) + chunky sneakers + oversized trench coat or boxy oversized jacket + crossbody bag

Item	Role	Why
Oversized trench coat (or boxy jacket)	Hero	The oversized trench is what makes the outfit Urban Ease. The outer layer defines the world's contemporary-casual-styled mindset.
High-rise wide-leg tailored trousers	Hero	The tailored wide-leg bottoms are the contrast with the graphic tee. This combination is Urban Ease's signature.
Oversized graphic tee	Bridge	Works in Urban Ease, Cool Casual (in casual graphic execution), sometimes Cool Tel Avivian (in indie graphic).
Chunky sneakers	Bridge	Works in Urban Ease, Cool Tel Avivian, sometimes Sporty Casual.
Crossbody bag	Bridge	Universal in casual worlds.

Two heroes again — both the trench and the tailored trousers are world-defining. Strip out either and the outfit reads differently. The trench + tailored bottom + sneakers combo is the Urban Ease signature.

4. Effortless / European Summer

Thumbnail: cream linen wrap midi dress with bell sleeves + flat leather sandals + soft leather crossbody bag

Item	Role	Why
Cream linen wrap midi dress with bell sleeves	Hero	This IS Effortless — the wrap, the bell sleeves, the linen drape, the tonal color. All the world's defining qualities in one piece.
Flat leather sandals	Bridge	Works in Effortless, Soft Polished, sometimes Refined Casual. Universal warm-weather footwear.
Soft leather crossbody bag	Bridge	Works in many casual worlds.

Only one hero because the dress is so completely Effortless. The sandals and bag are universal — they support but don't define.

5. Formal Polished

Thumbnail: white poplin button-down (tucked) + darted trousers in dark color + leather belt + simple structured jacket (optional) + low ankle boots or pointed flats + structured leather bag

Item	Role	Why
Darted trousers in dark color	Hero	The darted trouser is the defining piece — structured, tailored, office-ready. Distinct from straight jeans (Cool/Refined) or wide-leg tailored (Urban Ease).
Tucked white poplin button-down	Bridge	Works in Formal Polished, Refined Casual (untucked), Easy Sets, Urban Ease. The way it's worn (tucked, with structured trousers) makes it Formal Polished.

Simple structured jacket (optional)	Bridge	When present, it's a Formal Polished hero. Could also be Refined Casual depending on cut.
Leather belt	Basic	Universal.
Low ankle boots / pointed flats	Bridge	Works across multiple polished/refined worlds.
Structured leather bag	Bridge	Works in Formal Polished, Refined Casual.

The darted trousers are the hero because they're specifically office-leaning. The button-down + darted trouser combo is the signature; the button-down alone is universal.

6. Soft Polished (Soft Polished = high femininity executed cleanly

) / Lace-Boho

Thumbnail: cream cotton blouse with subtle eyelet or lace detail + soft midi skirt in cotton (A-line) + flat woven leather sandals + soft canvas-leather bag

Item	Role	Why
Cream cotton blouse with eyelet/lace detail	Hero	The eyelet/lace detail is the defining Soft Polished signal — feminine accent without commitment to full romantic.
Soft midi skirt in cotton (A-line)	Hero	The A-line midi in soft fabric is the world's signature silhouette.
Flat woven leather sandals	Bridge	Works in Soft Polished, Effortless, Cool Tel Avivian (in considered execution), sometimes Refined Casual.
Soft canvas-leather bag	Bridge	Works in casual worlds.

The blouse with eyelet detail and the midi skirt are both heroes — together they signal Soft Polished specifically. The midi skirt without the lace blouse + a different top could be Effortless; the blouse without the skirt could be Cool Casual with feminine accent.

7. Sexy / Evening

Thumbnail: satin top with high collar and open back + black fitted mini skirt + strappy leather heels + small evening bag

Item	Role	Why
Satin top with high collar and open back	Hero	The satin + open back + body-revealing combination = Sexy/Evening defining piece.
Black fitted mini skirt	Hero	The fitted mini + body-revealing makes it Sexy/Evening. A different mini cut (A-line, casual) wouldn't be.
Strappy leather heels	Hero	Heels are evening register. Different shoe (sneakers, flats) and the outfit becomes daytime.
Small evening bag	Bridge	Small bag works in evening + occasional polished worlds.

Three heroes here because the outfit is fully committed to one register (evening). Every piece is defining. The bag is the only neutral element.

8. Whimsical

Thumbnail: cream peplum top + soft striped or printed midi skirt + burgundy ballerina flats + considered vintage-leaning bag

Item	Role	Why
Cream peplum top	Hero	The peplum is the surprise element — Whimsical's defining signal.
Soft striped or printed midi skirt	Hero	Pattern + midi length = Whimsical's color/pattern openness.
Considered vintage-leaning bag	Bridge	Works in Whimsical, sometimes Soft Polished.
Burgundy ballerina flats	Bridge	Works in Whimsical, sometimes Soft Polished. The unusual color is what makes it bridge to Whimsical.

Two heroes — the peplum top and the printed skirt together signal Whimsical specifically. The bag and shoes support but don't define.

9. Easy Sets

Thumbnail: white eyelet boxy short-sleeve button-down + matching white eyelet drawstring shorts + flat leather sandals + simple crossbody bag

Item	Role	Why
White eyelet boxy button-down + matching eyelet drawstring shorts (as a set)	Hero (single hero — the set)	The set IS the hero. The matching fabric and tone-on-tone is what makes it Easy Sets. The pieces apart aren't Easy Sets — the set is.
Flat leather sandals	Bridge	Works in Easy Sets, Soft Polished, Effortless, Refined Casual.
Simple crossbody bag	Bridge	Universal in casual worlds.

This world is unusual because the *combination* is the hero, not individual pieces. An eyelet shirt alone is just a shirt (could be Cool Casual, Soft Polished). An eyelet pant alone is just a pant. The matching set IS Easy Sets. You'd tag a coordinated set as a single Easy Sets hero, even though it's technically two pieces.

10. Cool Casual / Easy Everyday

Thumbnail: simple white tee + dark straight jeans + clean white sneakers (or simple flats) + soft cardigan worn open + canvas tote bag

Item	Role	Why
Simple white tee	Hero	The plain unadorned tee is what makes the outfit Cool Casual. No styling intervention, no statement, no considered detail. The piece sits on its own.
Dark straight jeans	Hero	The straight jeans paired with a plain tee, with no layer creating shape, is the Cool Casual signature. Replace the tee with a button-down and add a blazer → becomes Refined Casual. The combination is the world.

Clean white sneakers	Bridge	Universal across casual worlds.
Simple flats	Bridge	Works in Cool Casual, Effortless, Soft Polished.
Canvas tote bag	Bridge	Works in Cool Casual, Cool Tel Avivian, Effortless. Anti-leather, unstyled.

Two heroes here because the tee AND the jeans together signal the world. Either piece alone is just a basic. Together, with no styling intervention, they signal the specific unstyled-everyday mindset. Cool Casual is distinguished from Cool Tel Avivian by the *absence* of self-awareness — Cool Tel Avivian's plain pieces are deliberately anti-fashion as a statement; Cool Casual's plain pieces are genuinely uncomplicated, not signaling anything.
